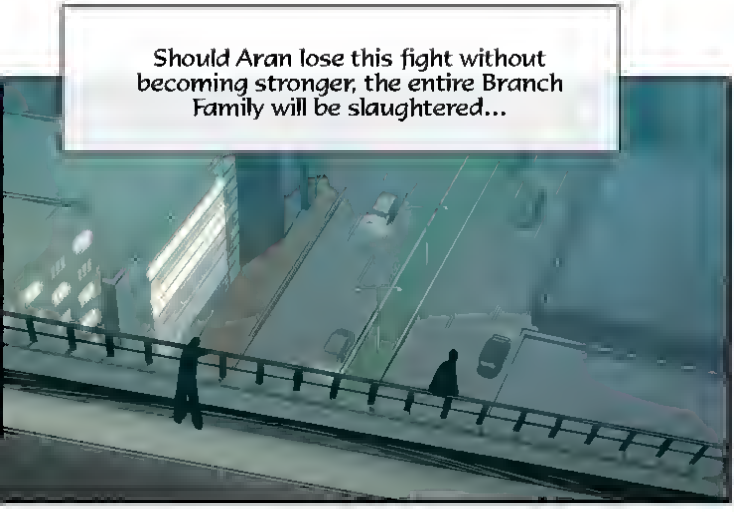
If we leave Aran alone like this, the entire world will find out about Murim.
LONE MANGA!
In the worst case, the people of Murim will have to erase their existence from society while going into hiding...



Should Aran lose this fight without becoming stronger, the entire Branch Family will be slaughtered...

There's only one choice, huh...

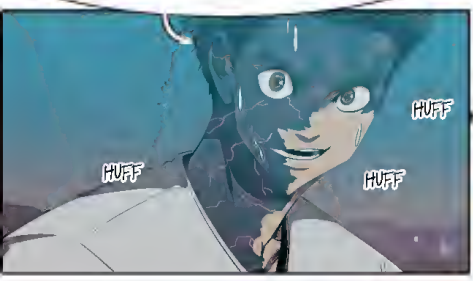
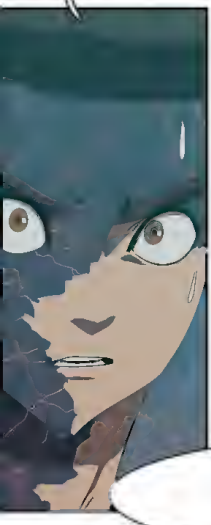
Haa... I'm just trying to digest the Ki I absorbed earlier. It's nothing big; don't worry.



Then rest and stabilize the Ki before...

No, we need to keep moving.



If the Elders plan is to make me the Grand Master of the Branch Family, then my goal is to survive as a part of Murim as well.

I'm worried about the Sagi rampaging within me, but it's alright.

The Ki didn't disappear.

Everyone says I've changed and that I'm not in my right mind anymore, but it feels like I've been freed from the chains that kept me bound all this time.
